Tomorrow's Fraternity Today

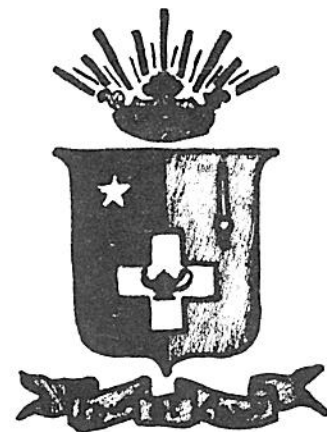

WHY SIGMA PHI EPSILON...There are many fraternities, but there is only one Sigma Phi Epsilon. We do not just look for anyone, but someone who is willing to commit himself to the principles and goals of the fraternity. Sigma Phi Epsilon looks for men who want to be associated with an innovative and growing fraternity. While every man pledges first for the fulfillment of his own potential, they learn that there are no free rides at Sigma Phi Epsilon. This is a fraternity where leadership, friendship, scholarship, and achievement are both offered and expected. And so, individual responsibilities as well as benefits are numerous. The result is a highly regarded group of men working together toward the ultimate goal of brotherhood.

A house, a grip, a badge, none of these ever made a fraternity. The things that are unseen, honor, friendship, brotherhood, justice, loyalty, courage, are eternal. These make the fraternity, and the man.

Our constant aim and objective is a fraternal organization built on a solid foundation, guided by idealistic concepts, and dedicated to the welfare of a membership made up of top-grade men who have been chosen because we wanted them for themselves and not because of their wealth, social position, or outstanding ability in any particular field.

More than 125,000 men have been initiated into the Halls of Sigma Phi Epsilon and the rich traditions, experiences, and successes of our predecessors give us a fine heritage to follow. We each play a part in making Sigma Phi Epsilon reach higher for the ideals and goals which help us become better men.

Men united as a group dedicated to principles of virtue, diligence, and brotherly love enriching their lives and college experience through small group living.

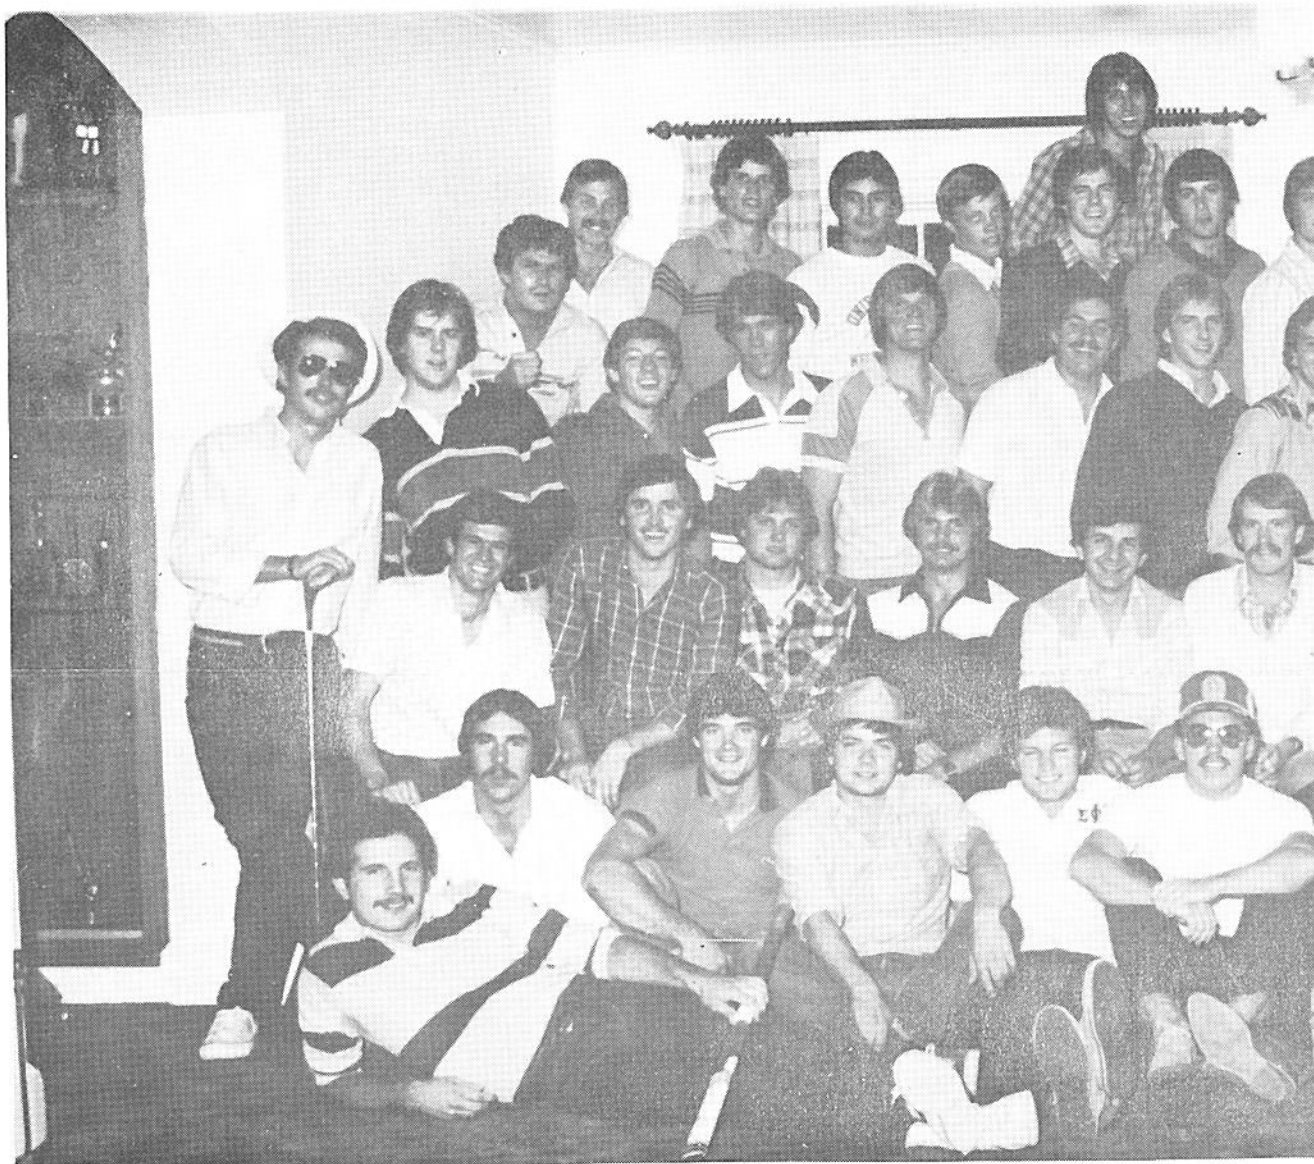

Colorado State University

RENOVATION...

His eyes strained as he concentrated on the molding he was painting. A master painter? No, Tim Flannigan, President of Colorado Gamma Chapter of Sigma Phi Epsilon. "Flanno" concentrated like a master painter because he was working on the place he lived and loved.

At the beginning of Fall '80 everyone could see the potential for a truly sharp looking house so the whole active chapter set forth to work as a unit in order to do the small yet time consuming work necessary in the house renovation. The entire interior of the house was given a double or triple coat of paint by the bro's as well as cleaned from top to bottom. It looked like some of the guys were turning prematurely gray wondering if we would get done in time for rush. It was just paint that spilled in their hair.

Durring the summer the house received new plumbing, shower stalls and a complete flushing of the hot water heating system. The guys nearly fainted when they got a hot shower with pressure even on third floor.

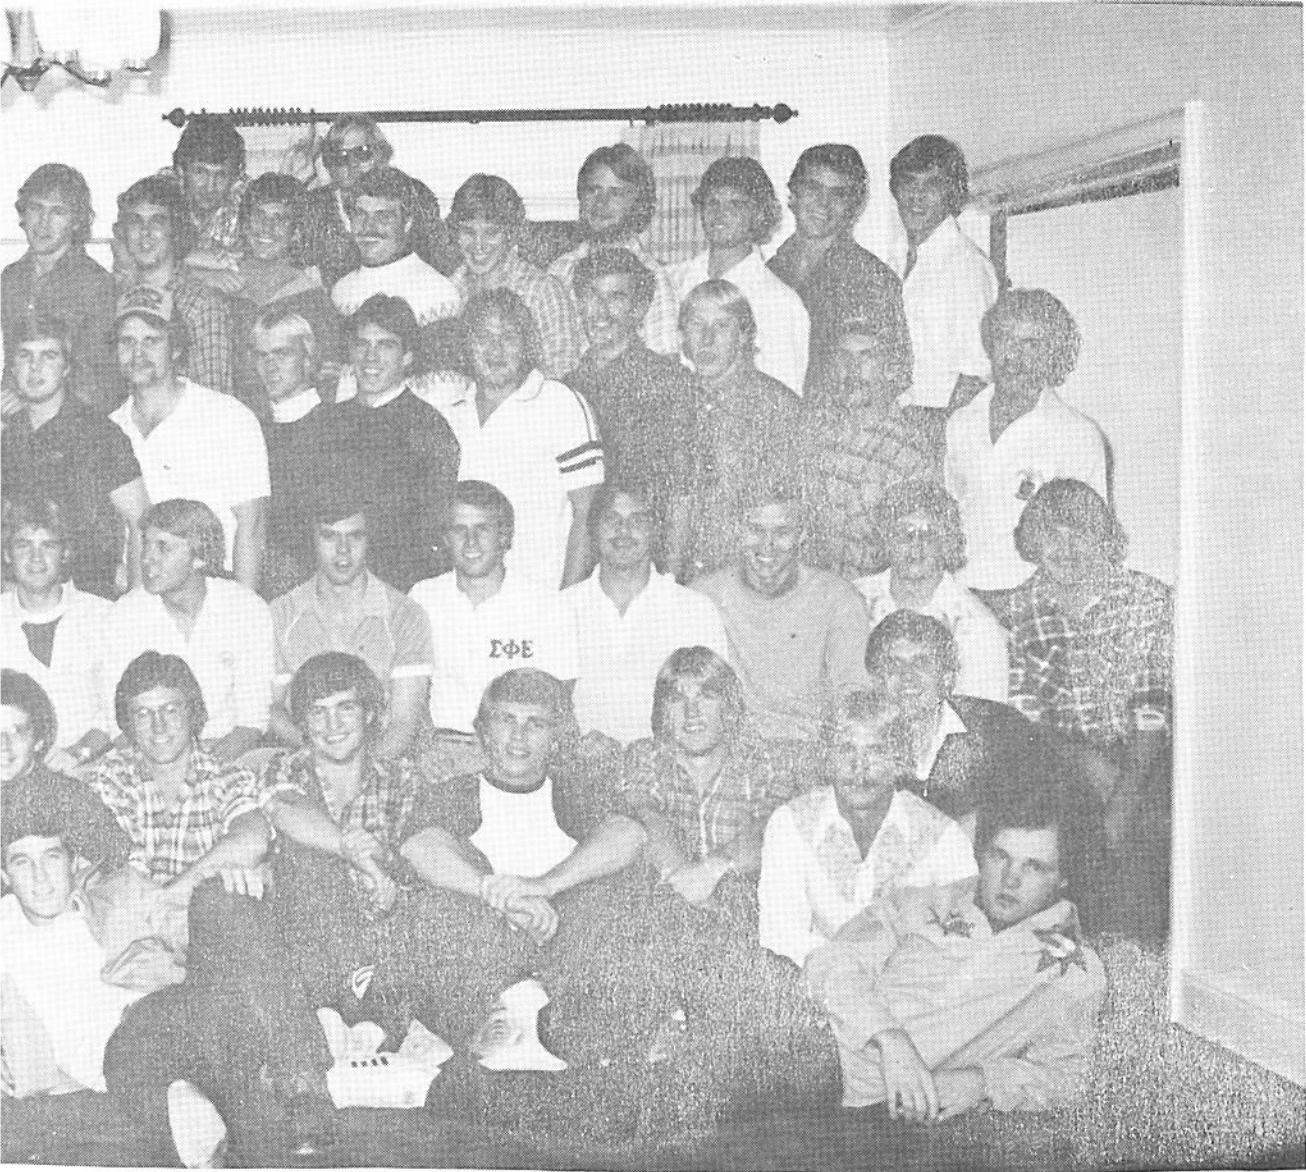

It was mostly recent alums who noticed the new caps for the pillars and the fancy new sun deck railing.

New doors, door jambs, and locks allowed the guys to feel safe to leave their room and not worry about being pimped, as if that would stop us.

Thanks to the efforts of alumnus

Glen Brickly, who owns a carpet business and other outlets, we were able to get new linolium in the dining room, new carpeting in the living, sun, and powder rooms, along with new furniture, drapes, blinds, and wallpaper. All this was obtained at minimal cost.

We would like to thank the alumni for their efforts, donations, and support. Although much work has been done and we've come along way by no means is the renovation complete. So keep the support coming.
